Review system built for agencies and internal teams to approve posts before publishing.

CONTROL

VALUE INSIGHTS

Analytics board showing work delivered value mapped against agency costs.

ANALYTICS

RUN SOCIALS LIKE AN ENTERPRISE TEAM.

COMPARISON MATRIX

✗ Inconsistent posting schedules & missed target engagement windows.

✓ Automated monthly grid planning schedules publishing 24/7 on autopilot.

✗ Hours wasted on copywriting, design mockups, and client approvals.

✓ Generates production-ready creatives and copy in under 60 seconds.

✗ High agency costs with limited visibility into actual value delivery.

✓ Premium automation suite at a fraction of traditional marketing costs.

Engagement Hub

"Setting up INWIZY Social took under 10 minutes. Our Facebook page and Instagram now run fully on auto-pilot. Highly recommend."

★★★★★

Riya Sharma

Owner, StyleHouse Boutique

"The approval dashboard makes managing branding projects stress-free. The AI generations fit our design requirements perfectly."

★★★★★

Arjun Mehta

Director, PulseMedia Agency
